## The scooter club grows some more!

Despite being the depths of winter, we managed to acquire three new members this month!

Alex, formerly of Sydney, arrived on his dark green Vespa PX200, but wasn't able to come with us on the ride due to having to work.

Peter, a former PX owner and current Harley Sportster owner(!) came along on his Aprilia Mojito 150. He admitted to us over lunch that he prefers to ride the scooter! Sensible man!

just for the coffee. Sarah and Michael, both on their GT200, came with us on the ride, and still managed to beat us all to New Norfolk despite being two-up.

As the day was chilly but sunny, I tried to ensure that we spent as much time in the sun as possible while riding. Still, I'm thinking that maybe winter is a good time to start wearing my thermals, even with the heated grips.

We had a pleasant lunch at a pub in New Norfolk, and returned to Hobart on the other side of the river. By this time the sky had clouded over, and we collected a reasonable convoy of cars following due to the lack of good passing places.

A good day and three new members! And it didn't rain! Doesn't get better than that does it??

Giles, from South Australia, also joined us on the day, on his Honda CT110 (postie bike). Well, perhaps not strictly a scooter but why not??

Also present were Neil and Lindy, Lindy gingerly riding her brand new Vespa GT200. They didn't come on the ride with us as Lindy wanted a bit more practice on the GT. Richard also came along on his Spacy, but

Here's restorer's nightmare, for sale at a recent farm clearance. I didn't bid on it. Life's too short!
